Together Our Jewish Journey Unfolds...
When we hosted the first Shabbat dinner amongst our recent college grad friends, we thought we eclipsed all our goals when 73 people showed up to be together. As it turns out, this was only the beginning. The dinner turned into a house, the house multiplied into a global network and, over time, Moishe House has evolved into a multifaceted platform for young adults' Jewish journeys all over the world.

We are now empowering the next generation through leadership training and immersive Jewish education initiatives that meet young adults where they are and propel them forward to the next step on their path. Young adults come to Moishe House from different backgrounds and are seeking different things. For some, they are discovering their Judaism for the first time or rekindling and sharing their Jewish practice. For others, it’s about discovering a passion for teaching and learning or figuring out how to create spaces that bring their vision of Jewish community to life. And together, all of this builds toward a stronger Jewish future. Much like the inspirational young adults that we’re including here, and the tens of thousands like them that we have the privilege to work with every year, we are continually building on the stories of the past with our eyes on the future.

We are grateful to have you as our partner on this journey.

Each Moishe House Jewish community builder has a story to share.
I want to... **build**

“Being a part of Moishe House has made this city truly feel like home. We’re providing a space to connect Jewish young professionals to each other, to explore Jewish rituals and traditions and to build a community where they feel ownership of what happens. In a city with such a transient population and with so many other options for social and community engagement, we’re providing a unique place where people can be themselves, feel a sense of belonging and create their vision for Jewish life.”

“Being a part of Moishe House has made this city truly feel like home.”

**Sharon’s Journey:** Moishe House Miami - Midtown Resident
IMMERSIVE JEWISH LEARNING RETREATS

I want to... learn

“...I’ve learned how to make Judaism welcoming, accessible and my own.”

- JULIA SMIRNOVA

“Through Jewish Learning Retreats, I’ve learned how to make Judaism welcoming, accessible and my own. The Seder that I hosted enabled me to bring 19 of my friends together from different states and countries. It was so beautiful to see predominately non-practicing Jews get together to create a Seder. That is something truly extraordinary that I will continue long after my time with Moishe House ends.”

Julia’s Journey:
Moishe House NYC - Russian-Speaking Jewish Resident Alumna
→ Jewish Learning Retreat Attendee
→ MH WOW Host
→ Peer-Led Retreat Facilitator
I want to…create

“I’m motivated to continue as a Jewish leader to learn and host more so I can play a part in continuing Jewish traditions for others.”

- BETO GUZMAN ABUNDES

“A few friends and I wanted to meet more Jewish young adults and bring our Jewish friends together in our city. Through hosting Jewish programs, we’ve created this nice synergy between people from different observance levels, backgrounds and ages. I’m motivated to continue as a Jewish leader to learn and host more so I can play a part in continuing Jewish traditions for others. Moishe House has allowed me to embrace these traditions and keep them alive here in Helsinki.”
I want to... teach

“I got involved with Moishe House, first as a resident, because I hadn’t felt fulfilled in my Jewish leadership experiences. I then built Shabbat and Ski, a Peer-Led Retreat, which was a unique way to bring new people together, away from everyday life, to connect in the outdoors. Moishe House has given me the tools and opportunities to grow as a Jewish leader and to feel like a Jewish entrepreneur. I’m now on a local nonprofit’s board of directors and am serving in leadership roles for other Jewish organizations, and I’m continuing my education through a nonprofit certificate program.”

“Moishe House has given me the tools and opportunities to grow as a Jewish leader and to feel like a Jewish entrepreneur.”

“I realized at camp that I could be my true self; express Judaism in the way that most resonated with me and form friendships with those that were also looking for community. Because of Camp Nai Nai Nai, I decided to enroll in a graduate school program focusing on experiential education and Jewish cultural arts. Camp Nai Nai Nai provides an immersive Jewish experience with opportunities to learn, grow, build community, be yourself, and for many like myself, continue on my Jewish journey.”

“Because of Camp Nai Nai Nai, I decided to enroll in a graduate school program focusing on experiential education and Jewish cultural arts.”
